### THUYẾT MINH BÁO CÁO TÀI CHÍNH

### 1. Nature of Operations

# 1.1. General Information

University and Vocational Book Joint Stock Company (hereinafter referred to as "the Company") was established under Decision No. 710/QĐ-TC dated June 11, 2004, by Vietnam Education Publishing House (now Vietnam Education Publishing House One Member Limited Liability Company). The Company operates as an independent accounting unit and conducts business activities in accordance with the Business Registration Certificate (now Enterprise Registration Certificate) No. 0101517669 dated July 28, 2004, issued by the Hanoi Department of Planning and Investment, the Law on Enterprises, the Company's Charter, and other applicable legal regulations.

Since its establishment, the Company has amended its Enterprise Registration Certificate seven times, with the most recent amendment on June 7, 2024.

### 1.2. Main Business Field

Wholesale of other household goods. Specifically: wholesale of books, newspapers, magazines, and office supplies.

#### 1.3. Lines of Business

- Wholesale of other household goods. Specifically: wholesale of books, newspapers, magazines, and office supplies;
- Retail sale of books, newspapers, magazines, and office supplies in specialized stores;
- Retail sale of audio and video recordings (including blank tapes and discs) in specialized stores;
- Retail sale of sports equipment and accessories in specialized stores;
- Retail sale of games and toys in specialized stores;
- Printing;
- Printing-related services;
- Reproduction of all types of recorded media;
- Manufacture of office machinery and equipment (excluding computers and peripheral devices);
- Wholesale of computers, peripheral devices, and software;
- Wholesale of electronic and telecommunications equipment and components;
- Data processing, leasing, and related services. (For conditional business lines, the Company shall operate only upon satisfying the legal requirements);
- Wholesale of other machinery, equipment, and spare parts. Specifically: wholesale of office machinery, equipment, and parts (excluding computers and peripheral devices).

187B Giang Vo, Cat Linh, Dong Da District, Hanoi City Ban hành theo Thông tư số 200/2014/TT-BTC ngày 22 tháng 12 năm 2014 của Bộ Tài chính

### 2. Accounting Period and Currency Used in Accounting

The Company's fiscal year begins on January 1 and ends on December 31. The currency used for bookkeeping and presentation of financial statements is the Vietnamese Dong (VND).

## 3. Accounting Standards and Regime Applied

The Company applies the Vietnamese Accounting Standards System and the Vietnamese Enterprise Accounting Regime as guided in Circular No. 200/2014/TT-BTC dated December 22, 2014, and Circular No. 53/2016/TT-BTC dated March 21, 2016, amending and supplementing certain provisions of Circular No. 200/2014/TT-BTC issued by the Ministry of Finance.

### 4. Summary of Significant Accounting Policies

# 4.1. Cash and Cash Equivalents

Cash includes cash on hand, demand deposits at banks, and cash in transit.

Cash equivalents are short-term investments with a maturity of no more than three months from the date of investment, which are readily convertible to known amounts of cash and subject to an insignificant risk of changes in value at the reporting date.

# 4.2. Held-to-Maturity Investments

Held-to-maturity investments include term deposits (including treasury bills and promissory notes), bonds, preferred shares that are mandatorily redeemable by the issuer at a specified future date, loans held to maturity for interest income purposes, and other investments held to maturity.

These investments are recorded at carrying value after reassessment. Any impairment provision is directly deducted from the carrying value of the investment.

If held-to-maturity investments are monetary items denominated in foreign currencies, they are revalued at the buying exchange rate of the commercial bank with which the Company frequently transacts at the end of the reporting period.

### 4.3. Receivables

Receivables consist of trade receivables and other receivables:

- **Trade receivables** are amounts due arising from commercial transactions between the Company and its customers.
- Other receivables are non-commercial receivables not related to purchase or sale transactions, including internal transactions.

187B Giang Vo, Cat Linh, Dong Da District, Hanoi City Ban hành theo Thông tư số 200/2014/TT-BTC ngày 22 tháng 12 năm 2014 của Bộ Tài chính

Receivables are recognized at original cost less allowance for doubtful debts.

The allowance for doubtful debts reflects the estimated loss at the end of the accounting period for receivables that are overdue and have been unsuccessfully collected multiple times, or for receivables not yet due but the debtor has gone bankrupt, is undergoing dissolution procedures, is missing, or has absconded.

#### 4.4. Inventories

Inventories are stated at the lower of cost and net realizable value.

Cost of inventories is determined using the **weighted average method** and accounted for using the **perpetual inventory method**. Cost is determined as follows:

- Raw materials and merchandise: includes purchase costs and other directly attributable costs incurred to bring the inventories to their current location and condition.
- **Finished goods**: includes printing costs, royalties, publishing management fees, direct labor costs, and directly attributable manufacturing overheads allocated based on printing costs.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Provision for inventory devaluation is made for each item when its net realizable value is lower than its original cost.

## 4.5. Tangible Fixed Assets

### **Historical Cost**

Tangible fixed assets are recorded at historical cost less accumulated depreciation.

Historical cost includes the purchase price and all expenditures incurred by the Company to bring the asset to the condition and location necessary for it to be capable of operating in the manner intended by management.

Subsequent expenditures are capitalized only when it is probable that the future economic benefits associated with the asset will flow to the Company. Other expenditures that do not meet these criteria are recognized as expenses in the period they are incurred.

#### **Depreciation**

Tangible fixed assets are depreciated on a **straight-line basis** over their estimated useful lives. The useful lives applied are in accordance with **Circular No. 45/2013/TT-BTC dated April 25, 2013**, issued by the Ministry of Finance.

Specifically:

187B Giang Vo, Cat Linh, Dong Da District, Hanoi City Ban hành theo Thông tư số 200/2014/TT-BTC ngày 22 tháng 12 năm 2014 của Bộ Tài chính

#### Asset Type

## **Useful Life (Years)**

Transport and transmission equipment

6

## 4.6. Prepaid Expenses

Prepaid expenses are classified into short-term and long-term prepaid expenses. These are actual costs incurred that relate to business operations over multiple periods.

The Company's major prepaid expenses include:

- Publishing management fees and advance payments for manuscript bidding related to books not yet printed, allocated based on the number of printed books received into inventory;
- Other prepaid expenses: Based on the nature and size of the expense, the Company selects an appropriate method and allocation basis over the period in which the economic benefits are expected to be realized.

# 4.7. Payables

Payables consist of trade payables and other payables:

- **Trade payables** are liabilities arising from commercial transactions between suppliers and the Company.
- Other payables are non-commercial liabilities unrelated to purchase or sale transactions.

Payables are recognized at original cost and classified as short-term or long-term based on their remaining maturity at the end of the reporting period.

The Company tracks payables in detail by counterparty, original term, remaining term, and original currency.

# 4.8. Owner's Equity

### **Contributed Capital**

Contributed capital reflects the actual capital contributed by shareholders.

#### **Share Premium**

Share premium represents the difference between the issuance price and the par value of shares, net of directly attributable issuance costs; the difference between the reissuance price and the book value of treasury shares; and the equity component of convertible bonds upon maturity.

187B Giang Vo, Cat Linh, Dong Da District, Hanoi City Ban hành theo Thông tư số 200/2014/TT-BTC ngày 22 tháng 12 năm 2014 của Bộ Tài chính

#### **Profit Distribution**

Post-tax profits are appropriated to funds and distributed to shareholders in accordance with resolutions of the General Meeting of Shareholders.

Dividends paid to shareholders do not exceed the retained earnings after tax and must consider non-cash components of retained earnings that may affect cash flows and the Company's ability to pay dividends.

# 4.9. Revenue and Other Income Recognition

- Revenue from sale of goods and provision of services is recognized when it is probable that economic benefits will flow to the Company and the amount of revenue can be measured reliably, and when the following conditions are satisfied:
  - For sales of goods: revenue is recognized when significant risks and rewards of ownership have been transferred to the buyer, and the Company retains neither continuing managerial involvement nor effective control over the goods sold.
  - For services: revenue is recognized when the service has been rendered. If the service is provided over multiple accounting periods, revenue is recognized based on the stage of completion at the reporting date.
- **Financial income** is recognized when it is probable that economic benefits will flow to the Company and the amount can be measured reliably.
  - Interest income is recognized on a time-proportion basis using the effective interest rate method.
  - Dividends and distributed profits are recognized when the Company is entitled
    to receive them. Stock dividends are not recognized as financial income.
     Dividends received that relate to periods prior to the investment date are
    accounted for as a reduction in the investment value.
- Other income includes income not arising from the Company's ordinary business operations, and is recognized when it can be reliably measured and it is probable that economic benefits will be received.

### 4.10. Cost of Goods Sold

Cost of goods sold for products and merchandise is recognized in the appropriate accounting period, in accordance with the **matching principle** and **prudence principle**. Abnormal or excessive costs incurred in relation to inventories are recognized directly in the cost of goods sold for the period, and are not included in the production cost of finished goods.

## 4.11. Selling and Administrative Expenses

• Selling expenses reflect actual expenses incurred during the sale of products and merchandise.

187B Giang Vo, Cat Linh, Dong Da District, Hanoi City Ban hành theo Thông tư số 200/2014/TT-BTC ngày 22 tháng 12 năm 2014 của Bộ Tài chính

• Administrative expenses reflect actual expenses related to the Company's general management activities.

# 4.12. Current and Deferred Corporate Income Tax Expenses

Corporate income tax expenses include current income tax and deferred income tax.

- Current income tax is determined based on taxable income for the period using the tax rate effective as of the reporting date.

  Differences between taxable income and accounting profit arise from temporary
  - differences between taxable income and accounting profit arise from temporary differences between tax and accounting treatments, as well as from non-taxable income and non-deductible expenses.
- **Deferred income tax** is recognized for temporary differences between the tax bases and the carrying amounts of assets and liabilities at the end of the accounting period, for the purpose of financial reporting.

### 4.13. Financial Instruments

# **Initial Recognition**

#### • Financial Assets

At initial recognition, financial assets are measured at cost plus directly attributable transaction costs. The Company's financial assets include: cash, bank deposits, trade receivables, financial investments, and other receivables.

## • Financial Liabilities

At initial recognition, financial liabilities are measured at cost plus directly attributable transaction costs. The Company's financial liabilities include: trade payables and other payables.

#### **Subsequent Measurement**

Currently, there are no applicable regulations on the revaluation of financial instruments after initial recognition.

# 4.14. Tax Rates and Fees Payable to the State Budget

- Value Added Tax (VAT): University and vocational books are exempt from VAT. Dictionaries are subject to a 5% VAT rate. Specialized books are subject to a 10% VAT rate. In addition, from July 1, 2024 to December 31, 2024, the Company is entitled to a 2% VAT reduction for certain goods as specified in Resolution No. 142/2024/QH15 dated June 29, 2024 by the National Assembly.
- Corporate Income Tax (CIT): A standard tax rate of 20% is applied.
- Other taxes and fees: Paid in accordance with current legal regulations.

#### 4.15. Related Parties

Related parties are those that have the ability (directly or indirectly) to control or exert significant influence over the other party in making financial and operational policy decisions.
